## CSI 5137 Ethics in AI Design Assignment 1

Massoud, Yahya 300147944 Zhang, Lingfeng 300134245 Zhou, Yiqiang 300129168

March 2020

## 1 Final Value Map

Our final value map with stakeholders, values and value tensions is in the google slides. The clickable link is https://docs.google.com/presentation/d/1nQmXIbWmeZUNLPVEX4FJi\_B35GRE-oLK9sPH9UOmlD0/edit?usp=sharing. You can zoom in and out freely.

The illustrations of values and value tensions are all in slides.

## 2 Stakeholders and values

- owner of the house
  - privacy
  - safety
  - convenience
  - entertainment
  - money saving
  - freedom of choice
- Amazon company
  - responsibility
  - trustworthiness
  - creativity
  - scalability
  - leadership
  - money
  - restraint
  - fidelity
  - change

- Amazon Echo Smart Speaker
  - usefulness
  - self-control
- family members: parents
  - protecting their kids(protection)
  - control children's usage
  - security of the home
  - responsibility
  - personal privacy
  - convenience
  - trustworthiness
  - security
- family members: children
  - freedom of using Alexa
  - personal privacy
  - companion
  - safety
  - entertainment
- friends of the family
  - enjoyment
  - sense of belonging
- guests of the home
  - privacy
  - convenience
- advertisement companies
  - money
  - accessibility
  - data collection
  - influence
- smart devices(IoT)
  - usefulness
  - self-control

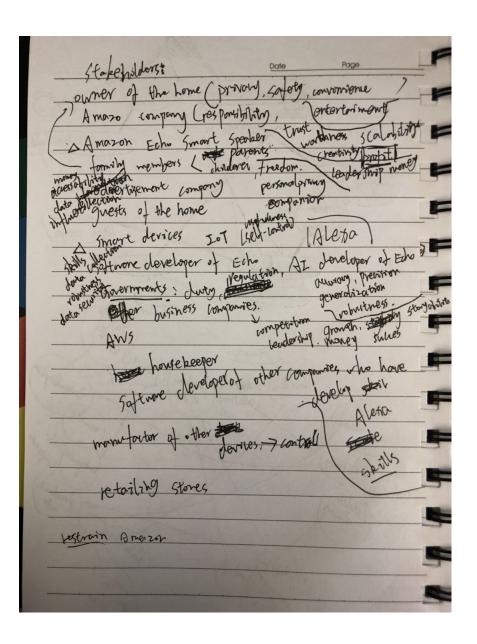

•	• software developer of Amazon echo smart speaker
	- skills
	- data collection
	- robustness
	- data security
•	• AI developer of Amazon echo smart speaker
	- accuracy
	- precision
	- generalization
	- robustness
•	governments
	- duty
	- regulation
	- control
•	• other traditional business companies, traditional companies who want to combine with AI
	- competition
	- leadership
	- growth
	- money
	- stability
	- success
•	• other traditional business companies, traditional companies who do not want to combine with AI
•	• AWS
•	housekeeper
•	• software developers of other companies who have developed Alexa
	- skills
	- control
	- freedom
	- cooperation
	- money

- profit
- manufactories of other devices
  - focus
  - flexibility
  - cooperation
  - variety
  - independence
  - innovation
  - individuality
- ullet offline retailing stores
  - profits
  - stability
  - connection
  - warm-heartness
  - dominance

## 3 Evidence of Design Iteration

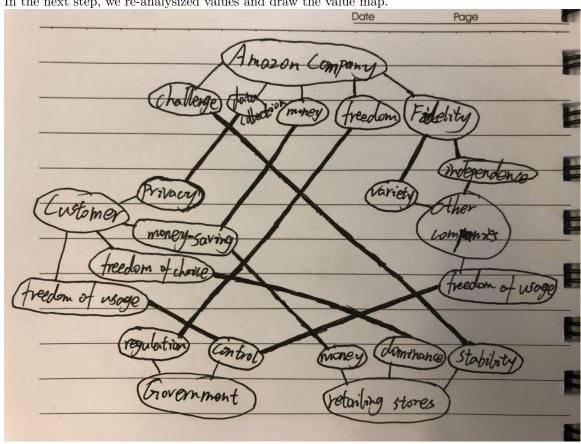

There are many iterations we have done.

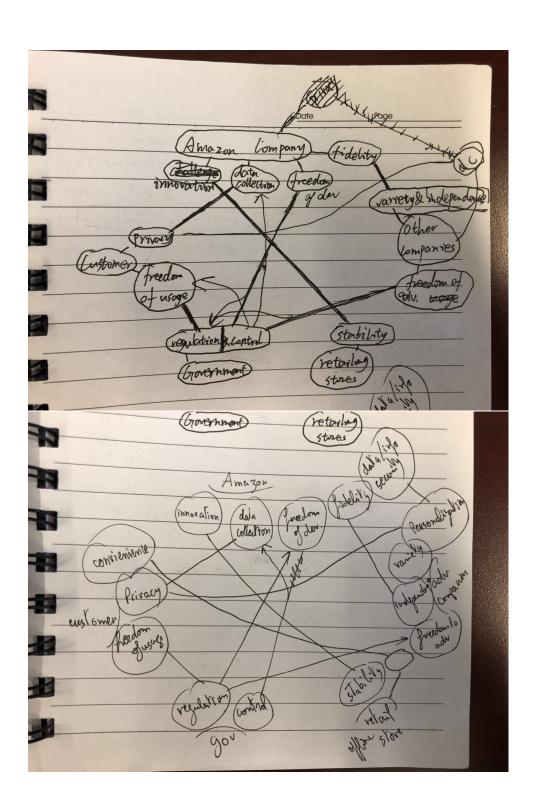

Initially, we analysis the Amazon Echo ethics case, and wrote down stakeholders, values, value tensions. Draft graphs are shown below.

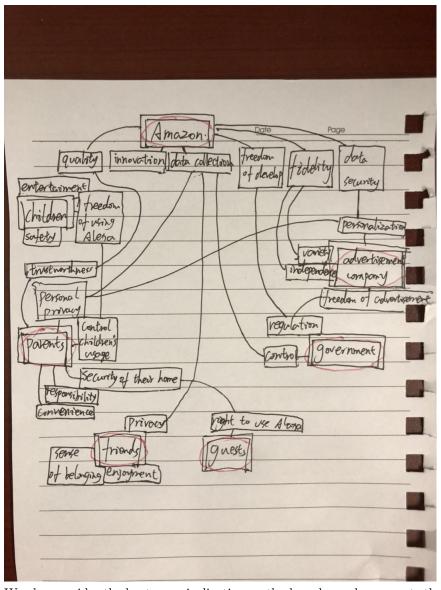

wher of the house privacy, softy, cominhance, entertainment, money saving, freedom to change
wher of the how private your sound there of the house private for
AMAZON Fish DED MURRY
speaker production for kids, countrol,
DARRILL SILVALV ON FOR FAIR WAS INT
attentioned company: money accessibility, data collection, influence.
quest: privacy, convinience
Smart deutices company
developer 5kill, data collection, security of the data, AI day: Accuracy, seneralization.
GOVERNIMENT AUTHOROUS RESIDENCE.
other lusness company competition; leadership, money, stability, growth success
You've Kocker.
11 Lord agt on Echo Cantal Canadan
manufacturer focus, flexibility, conservation, variety independence, innovation. Invitating
retailstone profits, stability, connection, warm heartdress, domainance

In the next step, we re-analysized values and draw the value map.

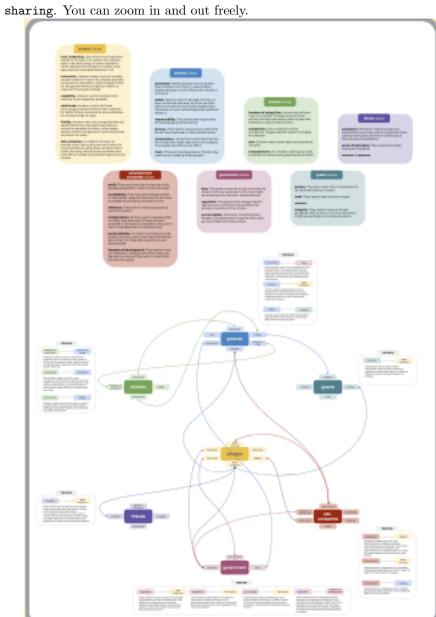

We also consider the heatmap visulization method, each word represents the value, and value tensions are represented as combination of values. In addition, each color can show each stakeholder.

			Value	stronge	er relationship		
	Amazon	Children	Parents	Friends	Guests	Government	Advertisement Company
Amazon	Innovation		Trustworthiness Quality	Personal Privacy Data collection		Control Data collection	Independence Fidelity
			Personal Privacy Data Collection			Regulation Freedom of	Variety Fidelity
			Data Conection			Development	Personalization Data Security
Children		Entertainment	Control				Data Security
		Safety	Freedom of Usage				
Parents	Quality Trustworthiness	Freedom of Usage Control	Responsibility  Convenience		Right to Use Alexa Security of Their Home		Personalization Personal Privacy
	Data Collection Personal Privacy						
Friends	Data collection Personal Privacy			Sense of belonging			
				Enjoyment			
Guests			Security of Their Home Right to Use Alexa				
Government	Data collection Control						
	Freedom of Development Regulation						
Advertisement Company	Fidelity Independence		Personalization Personal Privacy				
	Fidelity Variety						
	Data Security Personalization
